

## **KCNA Reports about Preparations for Satellite Launch**

Pyongyang, March 17 (KCNA) -- The Korean Central News Agency issued the following report on Saturday:

The relevant bodies of the DPRK sent necessary information to the International Civil Aviation Organization, the International Maritime Organization, the International Telecommunication Union and others according to international regulations and procedures as part of the preparations for the launch of earth observation satellite Kwangmyongsong-3.

The Korean Committee for Space Technology will invite experienced foreign experts on space science and technology and journalists to visit the Sohae Satellite Launching Station, the General Satellite Control and Command Centre and other places and observe its launch.
